

Statistics 1

How to draw a Bar Chart given the following data:

Number of Children	1	4	4	5	8	2
Size of Shoes	12	13	1	2	3	4

My friends from Jolly's Jungle will help you with the instructions:

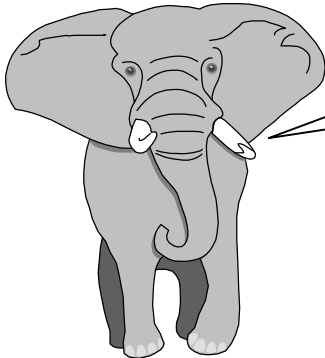

Step1:

**Go to
2nd STAT PLOT**

1:Plot 1...On

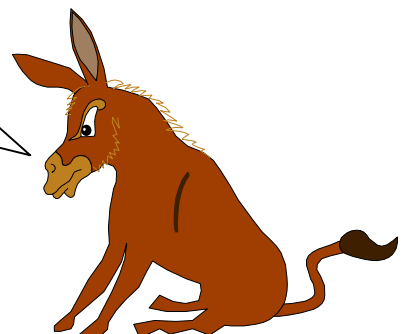

Step2:

**Now go to Plot 1 and
Press Enter.
X list = Number of
Children**

Step3:

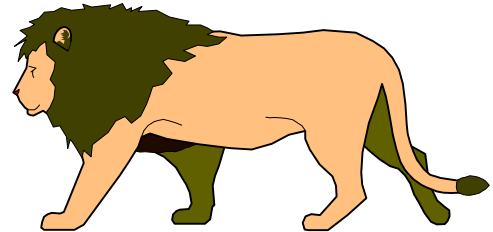

**Go to STAT
and then EDIT
1:Edit
And Press Enter**

Graphic Calculator

Step4:

**Input the number of children
as the data in List 1**

Step5:

**View the graph with
the Zoom or ZoomStat
functions.**
