Federal	2010 – ARRA IDEA Grant https://www.ade.az.gov/GME/FundingProfileView/FundingProfileSummary.asp?ID=547 State Department of Education ARRA URL: http://az.gov/recovery/programs-education-federal.html State ARRA URL: http://az.gov/recovery/ Federal ARRA URL: http://www.ed.gov/policy/gen/leg/recovery/factsheet/idea.html	The ARRA provides significant new funding for programs under Part B of the Individuals with Disabilities Education Act (IDEA). Part B of the IDEA provides funds to local educational agencies (LEAs) to help insure that children with disabilities have access to a free appropriate public education to meet each child's unique needs and prepare each child for further education, employment, and independent living. The federal Department of Education has identified four principles which guide the distribution and use of the ARRA funds: (1) spend funds quickly to save and create jobs; (2) improve student achievement through school improvement and reform; (3) ensure transparency, reporting, and accountability; and (4) invest one-time ARRA funds thoughtfully to minimize the "funding cliff." Level(s): Ages 3-21. Amount(s): \$178,476,064	Instruction(s): Funds from Title I Part A and IDEA programs are to be delivered by formula from the federal government to the states. Special Note(s): Because the ARRA funds constitute a large increase in IDEA, Part B funding that will likely not be available at the same level beyond September 30, 2011, schools and LEAs have a unique opportunity to improve teaching and learning and should focus these funds on short-term investments with the potential for long-term benefits rather than make ongoing commitments that they might not be able to sustain once ARRA funds are expended.
