The start-up phase of this grant is competitive and independent reviewers are selected to score applications. Level(s): K-12 Amount(s): \$7,100,000. Grant applicants may request up to \$450,000 over a three-year period. Conversion schools may only request \$75,000 per year for a total of \$225,000. A grant request should never exceed \$1300 per full-time student. The federal grant program provides for not more than 36 months of funding. NO funding level is guaranteed since this is a competitive grant program. The funding level cap does, however, prevent extravagant requests and encourages the charter school to focus on financial priorities. Budget cuts will not be compensated for in subsequent years of the grant program.	Instruction(s): Review website for application information. Grant is awarded in Tiers.
