

Florida Funding Opportunities

INDEX OF FUNDING RESOURCES

NOTE: You may see grant listings in this document that have expired deadlines. We continue to include these announcements because the funding resource is highly likely to continue the grant competition in future years. In addition, from a grant writing preparation perspective, it may take almost a year to prepare, submit, and receive a response from the funding source. Therefore, reviewing both expired grants and awarded grants could be the first step in preparation for the round of funding of interest to you. For more information on grant writing strategies, view our **Successful Grant Writing Strategies** document available on the Texas Instrument's website.

		\$150,000 per year with duration of up to 3 years. Synthesis project funding would not exceed \$250,000 with duration of up to 2 years. DR-K12 Resource Network proposals are permitted to request up to \$1,000,000 per year for duration of up to five years in FY 2008 only. Conference/ Workshop proposals are permitted to request up to \$100,000 for a duration of up to 2 years. Estimated program budget, number of awards and average award size/duration are subject to the availability of funds.		
Federal	Enhancing Education through Technology http://www.fldoe.org/BII/Instruct_Tech/EETT/	Enhancing Education Through Technology is an initiative that supports the improvement of academic achievement with the integration, innovation, and use of technology. The manner in which this type of technological promotion is to be achieved is by assuring computer literacy to each student by the end of their eighth grade term; additionally, teachers must integrate the use of technology into their class lesson plans and curriculum. For this reason, EETT grant money may be used to train teachers, staff and all educational personnel in the use of technology, multimedia, internet, computer programs, etc. Level(s): K-12 Amount(s): \$5,800,000	Instruction(s): Information is located on website. Date(s): Projected amounts for 2009-2010 are located online. Special Note(s): N/A	Charles Proctor Program Administrator Instructional Technology Office Phone: (850) 245-9868 Charles.Proctor@fldoe.org
Federal	FL ARRA – Educational Technology State Grants State Department of Education ARRA URL: http://www.flboe.org/ State ARRA URL: http://flarecovery.com/ Federal ARRA URL: http://www.ed.gov/policy/gen/leg/recovery/index.html	ARRA – Educational Technology State Grants stimulus funds should follow the basic guidelines of Enhancing Education Through Technology (EETT) which is Title II-Part D of NCLB. Money can be used to provide funding to use technology to enhance teaching and to promote learning. Local activities include the support of continuing, sustained professional-development programs and public-private partnerships. Activities also include: <ul style="list-style-type: none"> • The use of new or existing technologies to improve academic achievement; • The acquisition of curricula that integrate technology and are designed to meet challenging state academic standards; 	Instruction(s): There are no specifications at this time. Date(s): Funds will be made available beginning in fall 2009, and will be conditioned upon receipt of further information that will be outlined in future guidance.
