Come experience the TI Navigator™ classroom learning system* and receive some exemplary training on using TI graphing calculators to enhance the teaching and learning of middle and high school mathematics and science. This conference will give you a chance to learn how to use TI graphing calculators and APPS such as the new EasyData APP and other data collection devices. Sessions will provide learning opportunities for participants of all ability levels from beginners to advanced users of graphing calculators. **Registration is \$25.** The deadline to register is August 30, 2006. Late or Walk-In registration will be \$30. A continental breakfast and box lunch will be provided plus standards based teaching materials for immediate use in your math and science classes.

Hurry up and register because the 1st 100 people to register will receive the new TI-Smartview™ 2.0 Emulator Software for TI-84 Plus Family. To learn more about this software visit http://education.ti.com/educationportal/sites/US/productDetail/us_smartview.html

*The TI-Navigator System provides wireless communication between students' TI graphing calculators and the teacher's PC. The TI-Navigator Learning System is designed against instructional practices that research shows improves both student engagement and learning.
