

Registering the TI-Navigator™ System

Overview

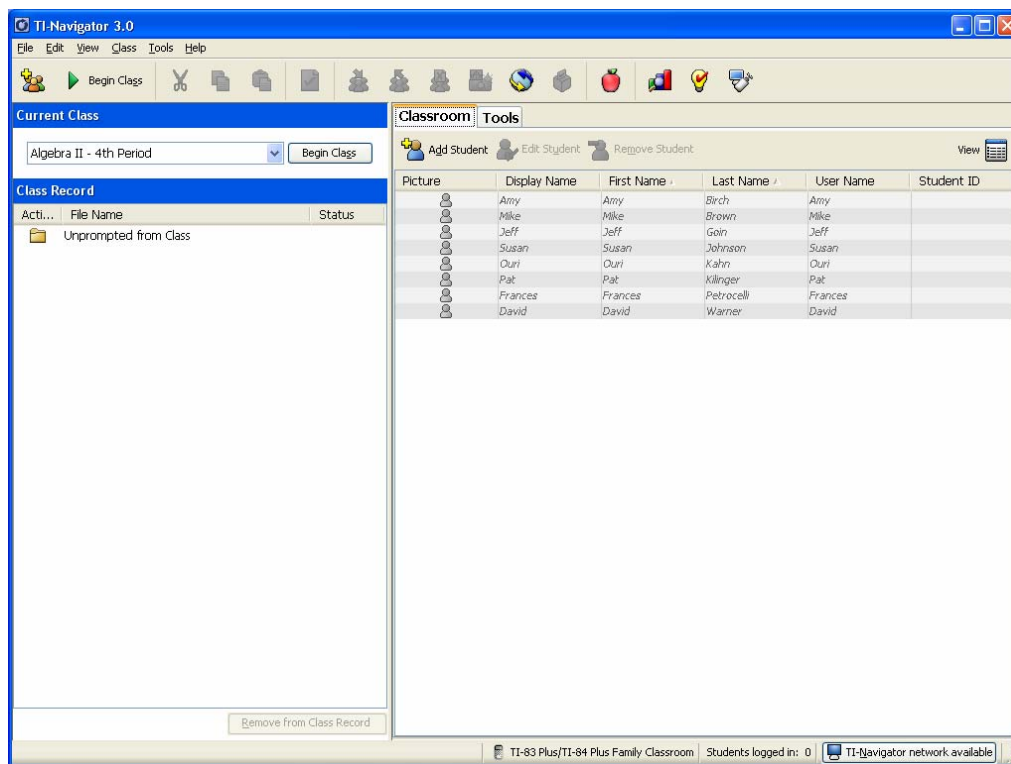

This tour details how to register the TI-Navigator system.

- Receive software upgrades
- Automatically be signed up for the NavNews newsletter.

1. Launch the TI-Navigator Software

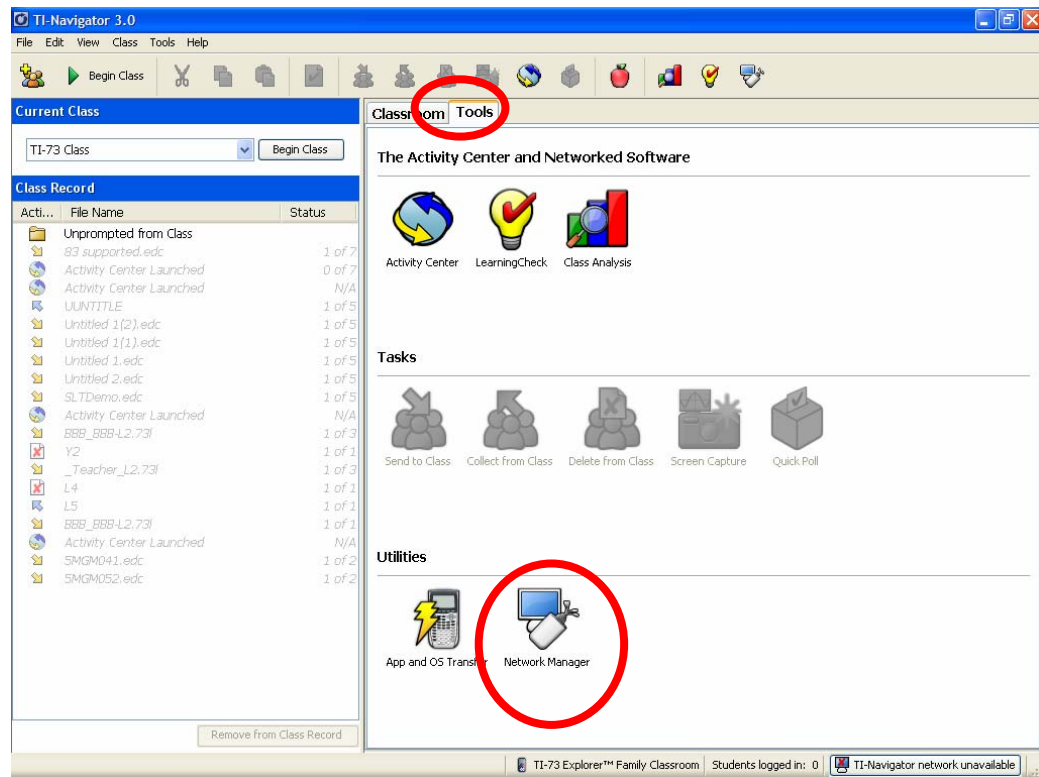

Click **Start > Programs > TI Tools > TI-Navigator > TI-Navigator**.

The TI-Navigator computer home screen opens.

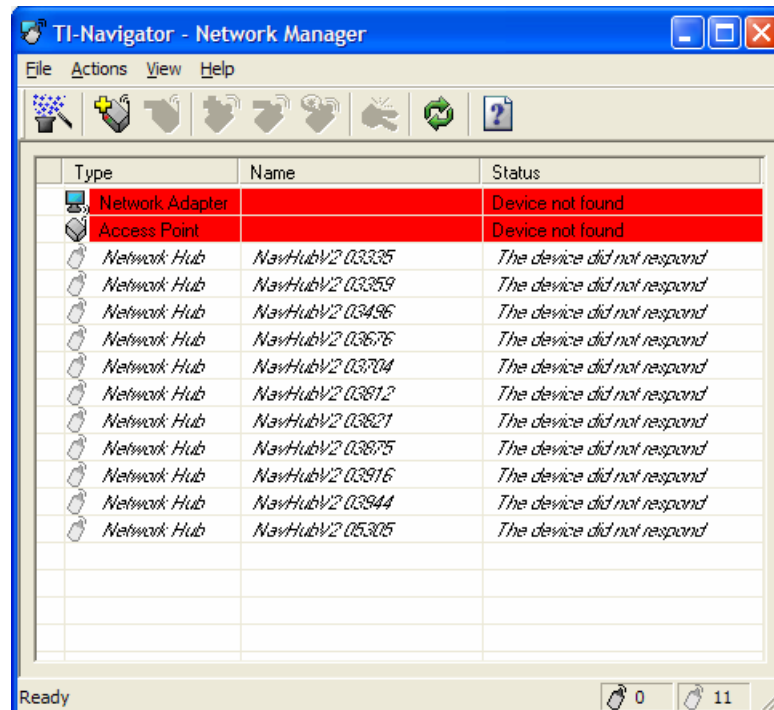

2. Open the Tools Tab and launch the Network Manager tool

A. Click the **Tools** tab near the upper middle of the home screen.

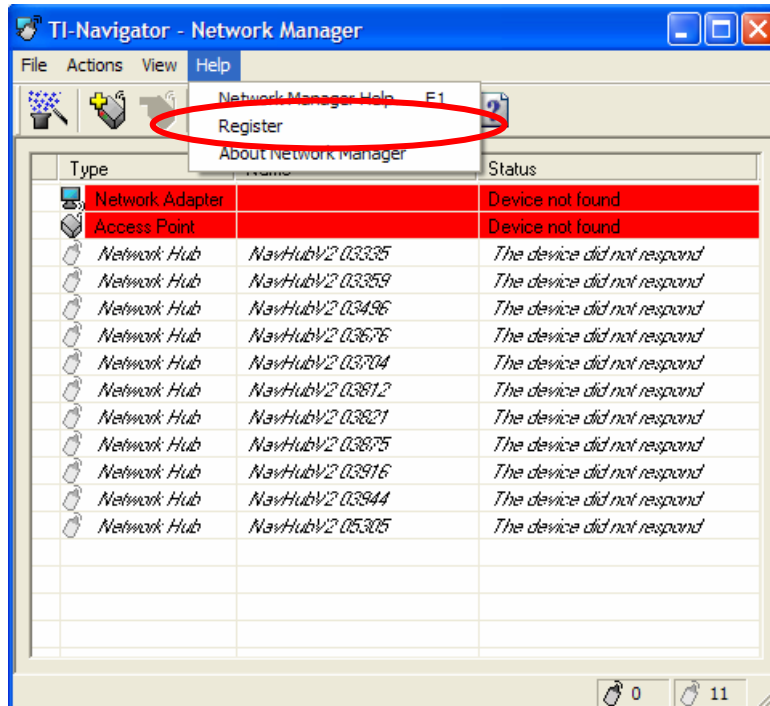

B. Click the **Network Manager** tool.

The Network Manager Tool will open.

3. Open the Registration Wizard

A. Select the Help → Register menu option.

B. The Registration wizard opens. Fill in all required fields and press next.

C. Select an option to register your system.

- The send option requires an active internet connection. Press Send and the registration will be sent.
- The save option will save a file "NavReg.xml" to the computer. This file must be sent via e-mail to navreg@ti.com
 - Subject: blank
 - Message: blank
- The Print option will print the registration information. Fax or mail this information to:
 - Fax: Josh
 - Mail: Josh
