

# Vernier EasyData™ App

TI-84 Plus

This App brings a new level of simplicity to calculator-based data collection. Program navigation is done using the five graph keys, located directly below the graph screen, making data collection simple and fast. Program options are displayed in pop-up dialog boxes or simple wizards.

EasyData supports a range of data-collection devices, including CBL 2™, LabPro, CBR 2™, Vernier EasyTemp™, Vernier EasyLink™ and original CBR. When EasyData is used with CBL 2, LabPro, or EasyLink, it supports a wide range of Vernier sensors, e.g., pH, Oxygen Gas, Dual-Range Force.

## EasyData with TI-84 Plus Calculators

EasyData comes preinstalled on TI-84 Plus and TI-84 Plus Silver Edition calculators manufactured after January, 2005. You will want to upgrade to EasyData version 2 to use the latest features. You may also need to update your TI-84 Plus operating system to version 2.30 or newer.

## EasyData with TI-83 Plus Calculators

EasyData can be installed on your TI-83 Plus or TI-83 Plus Silver Edition calculators. You will need TI-83 Plus operating system version 1.18 or newer.

## What's New in Version 2?

- Analysis features including statistics, curve fits, and integrals
- Support for photogates and drop counters
- Ability to save and open experiment files
- Ability to stop runs
- New data-collection modes
- Data collection triggering
- Calibration options
