

Activity 12

Name _____

Date _____

Going out of Business

Redgreen Appliances is going out of business. Yellowblue TVs and Appliances bought the building that Redgreen occupied and is moving in today. Your job is to unload 10 new TVs and put them in openings that already exist in the TV display area. There is a one-to-one match between TVs and openings. Each TV is identified by the diagonal dimension of its screen. That number is written on the top of each TV's box.

Drawings of the openings are given. Develop a plan for matching the TVs to their display spaces. Keep track of your keystrokes so you will know what to do if this situation comes up again.

Diagonals of the TVs

| | | | |
|-------|-----------|--------|-----------|
| TV #1 | 21 inches | TV # 6 | 39 inches |
| TV #2 | 25 inches | TV # 7 | 20 inches |
| TV #3 | 18 inches | TV # 8 | 36 inches |
| TV #4 | 32 inches | TV # 9 | 26 inches |
| TV #5 | 42 inches | TV #10 | 19 inches |

Write the number of the TV beside the opening where it should go. Record the keystrokes you used for each opening.

| | Keystroke Sequence | Television # |
|-----------|---------------------------|---------------------|
| Opening A | _____ | _____ |
| Opening B | _____ | _____ |
| Opening C | _____ | _____ |
| Opening D | _____ | _____ |
| Opening E | _____ | _____ |
| Opening F | _____ | _____ |
| Opening G | _____ | _____ |
| Opening H | _____ | _____ |
| Opening I | _____ | _____ |
| Opening J | _____ | _____ |
