

How to create a stat-plot

once you have entered data into L₁ , L₂

Button	Screen	
<div style="display: flex; justify-content: space-around; align-items: center;"> <div style="border: 1px solid black; border-radius: 5px; padding: 2px 5px; background-color: #d3d3d3;">2nd</div> <div style="border: 1px solid black; border-radius: 5px; padding: 2px 5px;">Y=</div> </div>		Stat plot screen
<div style="border: 1px solid black; border-radius: 5px; width: 30px; height: 30px; display: flex; align-items: center; justify-content: center; margin: 0 auto;">1</div>		Selects your stat plot
<div style="border: 1px solid black; border-radius: 5px; padding: 2px 5px; background-color: #d3d3d3; margin: 0 auto;">ENTER</div>		Select "ON" so that the points will be plotted
<div style="display: flex; justify-content: space-around; align-items: center;"> <div style="border: 1px solid black; border-radius: 5px; padding: 2px 5px; background-color: #d3d3d3;">ZOOM</div> <div style="border: 1px solid black; border-radius: 5px; width: 30px; height: 30px; display: flex; align-items: center; justify-content: center;">9</div> </div>		ZOOMSTAT makes a window that fits the data that is entered. Will take you to graph screen automatically.
