Recursive Sequences
Name $\qquad$
$\qquad$

## Problem 1 - Generating Recursive Sequence

Pages 1.2 and 1.3 give an explanation and example of recursive sequences.

- Write a verbal description of the example sequence.
- Show how you would find the 2nd and 3rd terms of this sequence by hand.

Follow the directions on page 1.5 to generate the terms of the example sequence.
-What are the first 10 terms?

On pages 1.7 and 1.8, generate the sequence described.

| Formula | First 10 Terms |
| :---: | :---: |
|  |  |
|  |  |

| Formula | First 10 Terms |
| :---: | :---: |
|  |  |
|  |  |

Problem 2 - Writing a Recursive Equation
On page 2.2, write a recursive formula for each sequence given.

| Seq4 Formula | Seq5 Formula |
| :---: | :---: |
|  |  |

- Explain how you determined the recursive formulas.
