

# Basketball Free Throws

Mode: 3 decimal places. Rand  
 where rand #  $\geq$  FT% missed  
 rand #  $\leq$  FT% good

**Barkley:**

	#points	frequency
Lose	0	
Tie	1	
Win	2	

**Theoretically:**       $P(G) =$                    $P(M) =$

0	
1	
2	

**In general:**                   $P(G) =$                    $P(M) =$

0	
1	
2
