

	UN38.3 Lithium Battery Test Summary for Texas Instruments Incorporated for models: TI-Rover BT
1	Battery Manufacturer
	<i>Confidential and Proprietary Texas Instruments Incorporated</i>
2	Product Manufacturer
	<i>Texas Instruments Incorporated 12500 TI Blvd. Dallas, TX 75243 Tel: +1-972-995-2011 • Website: education.ti.com • Email: ajacinto@ti.com</i>
3	UN38.3 Test Lab
	<i>Shenzhen TCT Testing Technology Co., Ltd, 2201/2101 & 2201, Zhenchang Factory, Renshan Industrial Zone, Fuhai Subdistrict, Bao'an District, Shenzhen, Guangdong, China * service@tct-lab.com</i>
4	Test Report Number
	<i>TCT250701B006</i>
5	Date of Test Report
	<i>2025.07.21</i>
6	Description of Cell or Battery
	Type: Rechargeable Lithium-Ion Battery Pack Cylindrical Mass: 73.22 grams Watt-hour Rating: 17.79 Wh Physical description: Rechargeable Lithium-Ion Battery Pack with dimensions 21.5 x 70.85 mm Model: INR21700-4900MAH (3.63V, 4900mAh)
7	UN38.3 Tests Performed and Successfully Passed
	<i>T1 Altitude Simulation, T2 Thermal Test, T3 Vibration, T4 Shock, T5 External Short Circuit, T6 Crush/Impact, T7 Overcharge, and T8 Forced Discharge.</i>
8	Assembled Battery Testing Requirements
	<i>Not Applicable</i>
9	Edition of UN Manual Tests and Criteria Used
	<i>Rev. 8</i>
10	Name and Title of Signatory
	 Alexandra Jacinto Product Stewardship Director
