Clearing Data in Press-to-Test Mode

You can clear documents, Scratchpad data, and libraries added in a Press-to-Test session without exiting Press-to-Test mode. Clearing data does not change the Press-to-Test restrictions, so you can use this method to start a new test that requires the same restrictions.
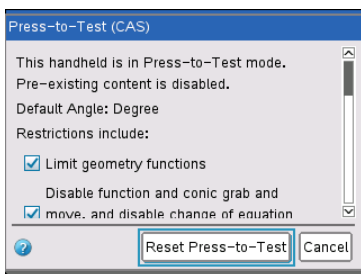

Note: To change restrictions, you must exit Press-to-Test and then enter Press-to-Test mode with new settings.

To clear Press-to-Test data without changing restrictions:

1. Ensure the handheld is turned off.

2. Turn on the handheld by pressing and **holding** down the `esc` `⌂ on` keys.

    The Press-to-Test window is displayed with an option to **Reset**.

    Select **Cancel** to close the window without clearing the data.

Note for TI-Nspire™ handhelds with removable keypad: Clearing Press-to-Test data while using the TI-Nspire™ keypad does not affect data created with the TI-84 Plus keypad. Your TI-84 Plus data remains intact, although it is not accessible while the TI-Nspire™ keypad is in place.
