Introducing the Organizer Suite

The Organizer suite for the TI-89 / TI-92 Plus / Voyage™ 200 PLT consists of a group of handheld software applications (Apps) that let you organize your schedule around events, tasks, and contact information.

- Use the [Calendar](#) App to view your schedule by the day, week, month, or year.
- Use the [Planner](#) App to schedule *events*, or planned activities linked to a time or date (for example, meetings and appointments).
- Use the [Tasks](#) App to keep track of reminders and things to do.
- Use the [Contacts](#) App to retain contact information for friends, family, students, teachers, and business associates.

You can open Organizer Apps from the Apps desktop, the APPLICATIONS menu, or any open Organizer App.

Languages

This application is available in English, French, German, and Spanish. The corresponding language localization software must also be installed and running.

Getting Started with the Organizer Apps

Viewing the Calendar App

The Calendar App displays a monthly calendar with the [holidays](#), [events](#), and [tasks](#) that you schedule, displaying these symbols to distinguish each one:

- End Date: [Empty text box]
- Occurs: Once

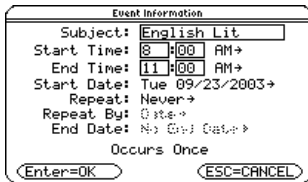

At the bottom, there are two buttons: "Enter=OK" and "ESC=CANCEL".

2. Type a name in the Subject field and press **⏏**.

The image shows the same "Event Information" dialog box, but now the Subject field contains the text "English Lit". All other fields and values remain the same as in the previous image.

3. Enter a Start Time and an End Time, pressing \odot to move from field to field.

The screenshot shows a dialog box titled "Event Information". It contains the following fields and values:

- Subject: English Lit
- Start Time: 8:00 AM
- End Time: 11:00 AM
- Start Date: Tue 09/23/2003
- Repeat: Never
- Repeat By: Date
- End Date: No End Date
- Occurs: Once

At the bottom of the dialog box, there are two buttons: "Enter=OK" and "ESC=CANCEL".

4. Select the Start Date field and press \downarrow . The Start Date dialog box appears.

The screenshot shows a dialog box titled "Start Date". It contains the following fields and values:

- Please enter the start date:
- Month: September
- Day: 23
- Year: 2003

At the bottom of the dialog box, there are two buttons: "Enter=OK" and "ESC=CANCEL".

5. Select a Month, and then type a Day and Year, pressing \odot to move from field to field.
6. Press **ENTER** **ENTER** to save the entry and return to the Event Information dialog box.
7. For a one-time-only event, press **ENTER** to save the data entered in the Event Information dialog box and return to the Planner screen.

— or —

For a repeat event, proceed to step 8.

8. Press **⏮** in the Repeat field, select a repeat sequence from the list, and press **ENTER**.
- The End Date field activates for all repeat sequences except Never.
 - If the repeat sequence selected is monthly or yearly, the Repeat By field activates.

The screenshot shows a dialog box titled "Event Information". It contains the following fields and values:

- Subject: English Lit
- Start Time: 8:00 AM
- End Time: 11:00 AM
- Start Date: Tue 09/23/2003

At the bottom, there are two buttons: "Enter=OK" and "ESC=CANCEL".

11. In the Has End Date field, select **Yes** to activate the Month, Day, and Year fields.

12. Enter an End Date and press **ENTER** **ENTER** to save the entry and return to the Event Information dialog box.
13. Press **ENTER**. The scheduled event appears on the Planner screen.

Note

- You can also press **F1 1:New Event** to open the Event Information dialog box.
- You can also press **↕ N** (TI-92 Plus / Voyage™ 200 PLT) to open the Event Information dialog box.

Viewing an Event

From the calendar, press **F5**.

— or —

Highlight a date displaying an event symbol () and press **ENTER**.

To view an event on another date:

1. Press **F3** **1:Date**. The Planner dialog box appears.

2. Enter a Month, Day, and Year, and then press **ENTER** **ENTER**.
The Planner screen displays the events on the selected date.

Tip

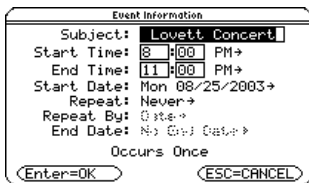

You can also press key shortcuts to go to the next or previous day, week, month, or year.

Duplicating an Event

You can duplicate or copy and paste an existing event to create a duplicate event or new event.

For example, if two events share the same information, you can duplicate or copy and paste one event, make changes, and then save instead of entering identical information twice.

1. From the Planner screen, select an event and press **F1 2: Duplicate Event**. The Event Information dialog box appears.

The image shows a dialog box titled "Event Information" with the following fields and values:

- Subject: Lovett Concert
- Start Time: 8:00 PM
- End Time: 11:00 PM
- Start Date: Mon 08/25/2003
- Repeat: Never

Day is out of range for specified month.	Enter valid numbers only.
Year must be a 4-digit number.	
Year must be between 1754 and 4091.	
Could not open file.	Occurs if another application leaves a task file open or the symbol table has become corrupt.
There was an error saving the tasks. Not all tasks were saved.	Occurs if there is an error writing the tasks file(s). Some tasks could not be saved.

Message	Description
Tasks 1.0 requires OS Version 2.05 or higher.	<p>The Tasks App requires Advanced Mathematics Software Version 2.05 or later to run. Tasks are deleted from the handheld device.</p> <p>Install the Advanced Mathematics Software Version 2.05 operating system, available from education.ti.com/softwareupdates</p>
File cannot be read. It has an unknown format.	<p>Occurs when the Tasks App does not understand the format of a tasks file.</p>
Task does not exist!	<p>Occurs when the Planner App launches the Tasks App and requests a task to be edited that does not exist.</p>
Not enough memory to save changes. Your tasks will not be modified.	<p>Occurs when the Tasks App runs out of memory before it can save the tasks files. In normal circumstances, the Tasks App limits operations to those it can successfully save. However, in rare circumstances, memory can be exhausted and all changes are not saved. The Tasks App attempts to detect this and leaves previous tasks intact.</p>

Message	Description
Not enough memory to perform operation.	Occurs when the Tasks App does not have enough free memory to perform the requested operation.
Folder	Occurs when the Tasks App cannot create the ORGANIZER folder. Free RAM by deleting unneeded tasks.

Sending and Receiving Organizer Information

Organizer information can be transferred between linked handheld devices. You can transfer contacts either from within the Contacts App or from the VAR-LINK screen. Use the VAR-LINK screen to transfer all other Organizer information.

For more information on sending and receiving files using the TI-89 / TI-92 Plus / Voyage™ 200 PLT, refer to the comprehensive guidebook for your handheld device at education.ti.com/guides.

- Note** Organizer information must be saved in the correct folder or will not be accessible by the Organizer Apps.
- When transferring contact information, select the CONTACTS folder on the receiving device.
 - When transferring all other Organizer information, select the ORGANIZER folder on the receiving device.

Installing the Organizer Apps

Detailed Flash App installation instructions are available from education.ti.com/guides.

You will need:

- A TI-89 / TI-92 Plus / Voyage™ 200 PLT with the latest Advanced Mathematics Software Operating System. Download a free copy from education.ti.com/softwareupdates.
- A computer using either Microsoft® Windows® or Apple® Macintosh® operating system software.
- A TI-GRAPH LINK™ cable that connects the TI-89 / TI-92 Plus / Voyage™ 200 PLT and a computer. The cable is available for purchase from retail stores, online retailers, and instructional dealers. You may also purchase the cable from the TI Online Store at education.ti.com/buy.
- TI Connect™ software, which is compatible with most current TI graphing products.
— or —
TI-GRAPH LINK software for either the TI-89 or TI-92 Plus. All connectivity software is available free from education.ti.com/softwareupdates.

Starting and Quitting the Organizer Apps
